IN RE: Application of Waterlynn Downs Water)	ORDER GRANTING
System for Approval to Abandon Water)	POSTPONEMENT OF
System.)	ALL DATES IN THE
)	CASE

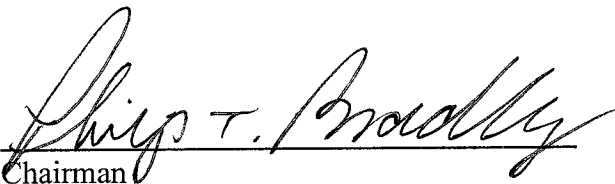

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Mr. John A. Wren (Wren), the developer of the Waterlynn Downs Subdivision and the water system which is subject to this proceeding. Wren requests that we postpone the dates for submission of prefiled testimony and exhibits which Order No. 1999-789 established, and to delay the hearing in this matter presently scheduled for January 20, 2000. The grounds for this request are that the parties to the case need to explore opportunities for the responsibility of the operation of the water system. Wren states, through his attorney, that there may be a successful resolution of this matter if the Commission allows additional time before the parties are required to incur the expense for preparation of testimony and for the conduct of a formal hearing.
